

# Tamba Shipping SDGs Declaration

We will adopt the spirit of Sustainable Development Goals "SDGs" advocated by the United Nations into our corporate activities and contribute to achieve a prosperous future by solving social issues.

24, November 2022  
Tamba Shipping Co., Ltd.  
President Koichiro Tamba

## Action Plan for SDGs

SDGs	Subjects	Approaches
	<b>Safe Transport</b>	In addition to raising consciousness to safe and stable operation as our greatest responsibility, we promise to give top priority to safety and certainty in all business activities by ensuring thorough compliance.
	<b>Environmental Preservation</b>	We will strive to protect the global environment by conducting appropriate corporate activities in accordance with the environmental regulations. We aim for further reduction of environmental impact by actively introducing innovative technologies such as construction of environment-friendly ships.
	<b>Work Environment</b>	We respect all employees and seafarers and provide a proper working environment. We will endeavor to create a vibrant organization by providing a healthy and rewarding workplace for the employees.
	<b>Social Contribution</b>	We will commit to develop next leading generations of human resources. By conveying the role of the marine transportation industry to the world and raising industry awareness, we will contribute to the expansion of the industrial base.
	<b>Innovative Approach</b>	With pride and awareness that we are responsible for the world's logistics, we will launch a new era through continuous challenge and innovation with all related parties.

Supporting the region and the world through "safe" and "reliable" marine transportation

### What is SDGs?

SDGs stands for "Sustainable Development Goals." It is also known as the Global Goals, which is a collection of 17 goals and 169 targets with the aim to solve social problems and to achieve a better and sustainable future by 2030.

The SDGs are international goals adopted unanimously by 193 United Nations Member States at a summit at UN Headquarters in September 2015.
